In re Patent Application of:
Sabina SPERANDIO et al.

Application No.: **10/079,929**

Confirmation No.: **6504**

Filed: **February 19, 2002**

Art Unit: **1647**

For: **MODULATORS OF PARAPTOSIS AND
RELATED METHODS**

Examiner: **D. Gamett**

**POWER OF ATTORNEY
AND CORRESPONDENCE ADDRESS INDICATION FORM**

I hereby revoke all previous powers of attorney given in the above-identified patent/application.

I hereby appoint Practitioners associated with the Customer Number 25226 as my/our attorney(s) or agent(s) to prosecute the application identified above, and to transact all business in the United States Patent and Trademark Office connected therewith.

Please recognize or change the correspondence address for the above-identified application to the address associated with the above-mentioned Customer Number 25226.

I am the Assignee of record of the entire interest. See 37 CFR 3.71. Statement under 37 CFR 3.73(b) is enclosed. (Form PTO/SB/96).

By executing the Power of Attorney, The Buck Institute (hereafter "Buck Institute") is allowing said Practitioners of the firm ("Morrison & Foerster"), to prosecute the above-referenced patent application and to prosecute any related matters that arise before the PTO in the enforceable life of a patent issuing from the above-identified application. Although the Power states that Buck Institute is appointing said Practitioners with "power of attorney" for the sole purpose of prosecuting the matters arising before the PTO in connection with the patent application, that appointment is

understood solely in light of Buck Institute's ownership interest in the application. So, despite the use of the phrase "power of attorney," Buck Institute and said Practitioners and Morrison & Foerster mutually agree and confirm that this executed power of attorney does not create any attorney-client relationship, actual or prospective, between Buck Institute and said Practitioners and/or Morrison & Foerster, or, for that matter, between said Practitioners and/or Morrison & Foerster and any other person. Abraxis Bioscience, Inc. will remain said Practitioners and Morrison & Foerster's sole client in respect of the subject patent application and patent issuing therefrom. Accordingly, said Practitioners and Morrison & Foerster understand, and your signature on the Power confirms, that said Practitioners and/or Morrison & Foerster have no attorney-client relationship with Buck Institute, or with you personally, and that, notwithstanding this executed Power of Attorney, said Practitioners and/or Morrison & Foerster are free to represent any clients, and to take positions adverse to you in any current or future matter (whether involving business transactions, counseling, litigation or otherwise).

Respectfully submitted,

By
